December 2017

Dear Falcon Spanish Families,

The Spanish Department has the opportunity to host María José Acuña Contreras for the second semester of this school year. María, who speaks English, will be coming to us from Los Angeles, Chile through the Amity Institute Program. She will be here to work as a teacher in many capacities with all of our Spanish students. María has interests in music and education with hopes to become a teacher.

In order for this wonderful opportunity to be successful, we need host families who are willing to provide:

- A room
- Meals
- Transportation to and from school
- A friendly atmosphere
- Some occasional site-seeing or other cultural experiences

We would like to arrange a family for Maria during the following (tentative) time period:

Family 1	1/29/2018-4/8/2018
----------	--------------------

The idea is that the Amity Scholar becomes part of your family. If you go to a birthday party, they go also!

Let me encourage you to think over this great opportunity for your daughters and sons! If you should have any questions or are interested in this once in a lifetime experience, please do not hesitate to contact me at lprindle@rochester.k12.mi.us. We can provide you with her application packet and recommendations.

Respectfully,

Beth East
Lisa Prindle
Claire Scislowicz
